PREFACE

THE PUBLISHERS, in presenting their Second Edition of the TOWN OF COLLINGWOOD DIRECTORY, beg to thank the people for the liberal support they have received, and also for the very flattering manner in which their First Edition has been spoken of after standing the searching criticism of two years. It is hoped that the new Directory will meet with the same favor and stand the test of time, as every means has been taken to render it accurate and up-to-date in every detail known by progressive Directory Publishers. The work will be published by them every two years, and they hope merchants and business men generally who want the very best will reserve their orders till they see them.

HENRY VERNON & SON,

PUBLISHERS,

February 1912
