Dear: Honorable Doug Ford,

RE: Municipality of Tweed – Collaborative Action on Sustainable Waste Management in Ontario.

The Council of the Corporation of Tay Valley Township at its meeting held on October 21st, 2025 adopted the following resolution:

RESOLUTION #C-2025-10-22

MOVED BY: Fred Dobbie
SECONDED BY: Marilyn Thomas

“WHEREAS, the Council of the Corporation of Tay Valley Township Support the Municipality of Tweed’s resolution regarding waste incineration and a more Robust Recycling Program;

AND WHEREAS, It is incumbent upon the members of council, MPP's and MPs to make the decisions that will result in the most positive outcomes for now and future generations;

AND WHEREAS, with large urban centres now looking in rural areas of our province and entire country for lands to bury their garbage waste;

AND WHEREAS, a large landfill site owned by a large urban centre which receives 50% of their garbage at the present time is expected to be full by 2029 creating more environmental impacts;

AND WHEREAS, continuing to bury garbage in the ground will result in our future generations having lost potable groundwater as a result of garbage leachate rendering it unusable;

AND WHEREAS, burying garbage, particularly organic waste in landfills, leads to the production of methane a greenhouse gas, which escapes into the atmosphere and contributes to climate change causing more environmental destruction;

AND WHEREAS, we continue to destroy our environment jeopardizing our future generations;

AND WHEREAS, we have worldwide technology that will allow us the use of clean incineration and also produce much needed electric energy;

AND WHEREAS, the incineration of household and other municipal waste has a long tradition in Germany, which currently has 156 municipal thermal waste incineration facilities with an aggregate annual capacity of around 25 million tons;

AND WHEREAS, with a strong focus on community involvement, innovative infrastructure, and sustainable practices, Germany has set a high bar for municipal recycling programs that the rest of the world can learn from and emulate;

AND WHEREAS, at the present time, Germany recycles 66.1% of its garbage waste at a municipal level. This places the country as the most effective and prominent country when it comes to recycling in the entire world. This highlights the citizen's strength and motivation to deal with environmental issues on a daily basis;

AND WHEREAS, German schools often integrate recycling education into their curriculum. This early exposure to the importance of recycling instills a sense of responsibility in the younger generation, creating a culture of sustainability that transcends generations;

BE IT RESOLVED THAT, the Council of Tay Valley Township support the Municipality of Tweed in investigating the possibility of working together with Ontario Municipalities, Provincial and Federal Governments and manufacturing partners to form a working group to ensure that waste disposal issues can be resolved quickly, efficiently and effectively with the use of incineration, more robust recycling programs and sustainable practices, so that future generations will not suffer from our environmental mismanagement;

AND THAT, this support be sent to Premier Ford, Marit Stiles, Leader of the Official Opposition Party, and all Ontario Municipalities."

ADOPTED
