AND WHEREAS Simcoe County Warden Clarke's letter regarding the county wide position on Bill 100 is received by Collingwood Council May 4, 2026;

WHEREAS the Federation of Canadian Municipalities (FCM) Big City Mayors Caucus (BCMC) has just released its Vibrant Downtowns Initiative calling on all orders of government to act on three priorities that will sound familiar to anyone managing a Main Street in Ontario:

AND WHEREAS vibrant downtowns are economic engines and are where investment decisions become real supporting small business growth, job creation, public transit use, housing affordability and the broader confidence investors look for when choosing where to locate and grow.

AND WHEREAS when downtowns weaken, it affects Canadas competitiveness and ability to attract new investment.

AND WHEREAS challenges facing downtowns are interconnected: homelessness, lack of affordable housing, organized crime, extortion, safety concerns, vacant commercial space and aging infrastructure all shape how people and businesses experience municipalities.

AND WHEREAS working together delivers stronger results than working apart, and Canadians expect all orders of government to focus on what works aligning around practical solutions that improve safety, housing stability, mobility and investor confidence.

AND WHEREAS the Collingwood Downtown BIA is supportive of this initiative;

THEREFORE IT BE RESOLVED THAT Collingwood Council direct that a letter be written on its behalf by the Mayor expressing support for the Federation of Canadian Municipalities Big City Mayors Caucus (BCMC) Vibrant Downtowns initiative, calling on both Federal and Provincial orders of government to act on three priorities for municipalities of all sizes:

- Ensure everyone has a place to call home: \$3.5B annually to reduce chronic homelessness by 50% by 2030;

- Housing First programs; intergovernmental coordination on mental health and addictions;

- Tackle organized crime and extortion: by enhancing the Building Safer Communities Fund and the
