Section 1.0 Administration

1.1 Title

- 1.1.1 This Zoning By-law is and shall be known as the “Collingwood Zoning By-law”.

1.2 Application

- 1.2.1 This Zoning By-law shall apply to all lands that are located within the geographic and municipal boundaries of the Town of Collingwood, and without limiting the foregoing, includes any land located under water.

1.3 Scope

- 1.3.1 No land shall be used and no building shall be erected, located, altered or used within the Town of Collingwood except in conformity with the provisions of this Zoning By-law.

1.4 Validity

- 1.4.1 Should any section, clause, provision or schedule of this Zoning By-law be held by a court of competent jurisdiction to be invalid, it is intended that the remainder of the Zoning By-law shall be considered as remaining in full force and effect.

1.5 Effective Date

- 1.5.1 This Zoning By-law shall take effect and shall come into force on the date it is passed subject to the provisions of the *Planning Act*.

1.6 Conformity to Official Plans

- 1.6.1 This Zoning By-law and any amendments thereto, shall be in conformity with the Official Plans of the County of Simcoe and the Town of Collingwood.

1.7 Compliance with other Restrictions

- 1.7.1 Nothing in this Zoning By-law shall relieve any person from the obligation to conform to the requirements of any other municipal or county by-law, or a provincial or federal law, or the requirement of obtaining any permit, licence, or permission that may be required from an authority having jurisdiction in a particular matter.

1.8 Administration

- 1.8.1 This Zoning By-law shall be administered and interpreted by the Director of Planning Services of the Town of Collingwood or his/her designated delegate.

1.9 Inspection

- 1.9.1 A municipal law enforcement officer, or any person acting under his or her instruction, shall have all of the powers of entry and inspection as provided for under Section 49 of the *Planning Act*.

1.10 Contravention and Penalties

- 1.10.1 Every person or corporation who contravenes any provision of this Zoning By-law, or who permits a contravention of this Zoning By-law, shall be guilty of an offence and upon conviction is liable to a penalty as may be assessed by any court of competent jurisdiction as provided for under Section 67 of the *Planning Act*.
- 1.10.2 Where a conviction is entered under the provision above, in addition to any other remedy or any penalty provided by law, the court in which the conviction has been entered, and any court of competent jurisdiction thereafter, may make an order prohibiting the continuation or repetition of the offence by the person convicted as provided for under Section 67 of the *Planning Act*.
- 1.10.3 If this Zoning By-law is contravened, in addition to any other remedy and to any penalty imposed by the by-law, the contravention may be restrained by application at the instance of a taxpayer or the Town as provided for under Section 440 of the *Municipal Act*, 2001, S.O. 2001, c. 25, as amended.

1.11 Fees

- 1.11.1 The Council of the Town of Collingwood may, by by-law, establish fees for the processing of any application, permit, licence, variance or amendment sought or required by this Zoning By-law as provided under Section 69 of the *Planning Act*.

1.12 Planning Act

- 1.12.1 Reference in this Zoning By-Law to the *Planning Act* is to the *Planning Act*, R.S.O. 1990, c. P.13, as amended.

1.13 Subsequent Legislation

- 1.13.1 Where any act or section thereof, a regulation or guideline is referred to in this Zoning By-law, it is intended that such reference be interpreted to include any subsequent legislation, or section or regulation or guideline that may replace such specific act or section or regulation or guideline.
- 1.13.2 Where reference is made to a federal or provincial ministry or the county or other agency, it is intended that such reference be intended to include any federal or provincial ministry, county, agency or other government branch who may assume responsibility for a particular policy or regulation currently administered by the referenced organization.

1.14 Singular and Plural Words, etc.

- 1.14.1 Words used in the present tense include the future; words in the singular include the plural; words in the plural include the singular; the word “used” includes “intended to be used”; and the word “shall” is mandatory; not permissive.

1.15 Tables

- 1.15.1 Subject to the provision below, a use is permitted where a check mark (✓) appears in the row listing the use and under the zone column in Table Nos. 6.1.2.1, 7.1.2.1, 8.1.1.1 and 9.1.1.1 herein.
- 1.15.2 Where a check mark (✓) is followed by a letter in brackets, which is a footnote, the only use that is permitted is one that conforms with the applicable footnoted provision.

1.16 Units of Measurement

- 1.16.1 Any calculation required by this Zoning By-law for a length, a height, an area, a weight, a volume or a similar measurement or dimension shall be in metric unless the context of the Zoning By-law provision would suggest otherwise, such as the calculating of a percentage.

1.17 Technical Revisions

- 1.17.1 Where an error is discovered in the text or a schedule of this Zoning By-law, such as a typographical, grammatical, spelling or other similar type mistake, the error may be corrected by the Director of Planning Services without obtaining a variance or amendment to this Zoning By-law provided that the general intent, purpose and substance of this Zoning By-law is maintained.

1.18 Appendices, Illustrations and Notations

- 1.18.1 The use of an appendix, an example, an illustration, a notation, a map colour, a page number, a table of contents or any other similar type of notation used for the purpose of organizing this Zoning By-law shall not form a part of this Zoning By-law, unless specifically provided otherwise.

1.19 Rounding of Numbers

- 1.19.1 For determining conformity with an identified unit of measurement or dimension or other zone provision of this Zoning By-law, the following four principles shall apply:

1.19.2 First Principle

- 1.19.2.1 Unless provided otherwise, the numbers used to express a zone provision of the Zoning By-law are to be either a whole number or a number to the first decimal place. Examples of the application of the first principle are provided in Table 1.19.2.1, entitled First Principle of Rounding Numbers.

Table 1.19.2.1 First Principle of Rounding Numbers

Typical Zoning Provision	Requirement	Type of Number
Minimum Lot Area	550 m ²	A whole number
Minimum Front Yard Setback	6.0 m	A number to the first decimal place

1.19.3 Second Principle

- 1.19.3.1 Where a number is identified to the third decimal place or more on a submitted drawing, including but not limited to a survey, site plan or building plan, the number in the third or more decimal place shall be not counted and is eliminated from any rounding out calculations. Examples of the application of the second principle are provided in Table 1.19.3.1, entitled Second Principle of Rounding Numbers.

Table 1.19.3.1 Second Principle of Rounding Numbers

If a Number is identified on a drawing to the Third Decimal Place or more	The Number in the Third Decimal Place or more is Eliminated
549.443 m ²	549.44 m ² (the 3 is eliminated)
549.4487 m ²	549.44 m ² (the 8 and 7 are eliminated)
5.948 m	5.94 m (the 8 is eliminated)

1.19.4 Third Principle

- 1.19.4.1 Zone provisions, when shown as a whole number, shall be rounded upwards or downwards to the nearest whole number and the standard mathematical rules for rounding out numbers shall apply. Examples of the application of the third principle are provided in Table 1.19.4.1, entitled Third Principle of Rounding Numbers.

Table 1.19.4.1 Third Principle of Rounding Numbers

Zoning Provision is a Whole Number	Rounding Whole Numbers (≥ 5)	Rounding Whole Numbers (≤ 4)
Minimum Lot Area = 550m ²	549. <u>5</u> m ² = 550 m ² (✓ Conformity)	549. <u>4</u> m ² = 549 m ² (✗ Non conformity)
Minimum Lot Area = 550m ²	549.45 m ² = 549.5 m ² = 550 m ² (✓ Conformity)	549.44 m ² = 549.4 m ² = 549 m ² (✗ Non conformity)

1.19.5 Fourth Principle

- 1.19.5.1 Zone provisions, when shown to the first decimal place, shall be rounded upwards or downwards to the nearest one decimal place and the standard mathematical rules for rounding out numbers shall apply. Examples of the application of the fourth principle are provided in Table 1.19.5.1, entitled Fourth Principle of Rounding Numbers.

Table 1.19.5.1 Fourth Principle of Rounding Numbers

Zoning Provision to the First Decimal Place	Rounding to the First Decimal Place (≥ 5)	Rounding to the First Decimal Place (≤ 4)
Minimum Front Yard Setback = 6.0 m	5.9 <u>5</u> m = 6.0 m (✓ Conformity)	5.9 <u>4</u> m = 5.9 m (✗ Non conformity)
Maximum Building Height = 11.0 m	11.0 <u>5</u> m = 11.1 m (✗ Non conformity)	11.0 <u>4</u> m = 11.0 m (✓ Conformity)

1.20 Transition

- 1.20.1 A minor variance under Section 45(1) of the *Planning Act* that has been approved by the Town's Committee of Adjustment and which is final and binding shall have its permission recognized and continue for a period of not more than one year from the date of passing of this Zoning By-law.
- 1.20.2 The above provision only applies to a minor variance to the Town of Collingwood Zoning By-law No. 87-61, as amended, and the Township of Nottawasaga Zoning By-law Nos. 10-93 and 10-80, as amended.

1.21 Repeal of Zoning By-laws

- 1.21.1 The Town of Collingwood Zoning By-law No. 87-61 and the Township of Nottawasaga Zoning By-law Nos. 10-93 and 10-80, and all amendments thereto, are hereby repealed, and such repeal shall come into effect upon the date of this Zoning By-law coming into force.

Section 2.0 Zones and Schedules

2.1 Zone Classifications

- 2.1.1 Unless provided otherwise, all lands have been placed within zone classifications which may be referred to by either their name or corresponding zone symbol. The name of these zone classifications and their corresponding zone symbols are identified in Table 2.1.1.1, entitled Zone Classifications.

2.2 Zoning By-law Schedule “A”

- 2.2.1 The location and boundaries of all zones are shown on Zoning By-law Schedule “A” attached to and forming a part of this Zoning By-law. For the purposes of clarity and convenience, Schedule “A” may be presented as separate maps or inserts for detail and precision.

2.3 Interpretation of Zone Boundaries

- 2.3.1 The boundaries of all zone classifications as delineated on Zoning By-law Schedule “A” shall be construed to be following lot lines and the boundaries of registered plans, shorelines, rivers, canals and water lots, whether or not such boundaries are actually delineated on Schedule “A”. Where a street is a boundary between two or more zones, and the street is closed, the centreline of the former street shall become the zone boundary.
- 2.3.2 Where the extent and boundary of any zone as delineated on Schedule “A” are uncertain, the following interpretation rules shall apply.
- 2.3.3 Where a zone boundary is indicated as passing through undeveloped land, then the location of such boundary shall be determined in accordance with the scale of Schedule “A” drawn electronically, unless dimensions shown on the aforementioned Schedule provides greater accuracy.
- 2.3.4 Where a zone boundary is indicated as following the corporate limits of the Town of Collingwood, then such corporate limits shall be the boundary of such zone.
- 2.3.5 Where a zone boundary is indicated as following a shoreline, the top of bank of a river or a canal, or a boundary of a water lot, then such zone boundary shall follow the shoreline, river or canal bank or water lot. In the event of a permanent change in the shoreline, the top of bank of a river or canal or boundary of a water lot, the limit of such zone shall be construed as changing to the boundary of the actual shoreline, river or canal bank, or water lot.
- 2.3.6 Unless provided otherwise, the limit of Environmental Protection (EP) zone shall be deemed to follow a shoreline, the boundary of natural heritage area, hazard area or environmental buffer area and the land contour of 178.0 metres Canadian Geodetic Datum or below.

2.4 Exceptions

- 2.4.1 A zone classification and/or its corresponding zone symbol followed by a hyphen and a number indicate an area-specific exception zone. All provisions of this Zoning By-law and the provisions of the zone classification apply to the exception zone, except to the extent to which these provisions have been specifically amended or exempted by the exception zone provisions.

2.5 “H” symbol - Holding Zones

- 2.5.1 The symbol “H” preceding a zone classification signifies that a holding by-law is in force and that further development is being held until Council is satisfied that certain conditions are complete or have been otherwise satisfied. To remove a holding symbol “H”, it is necessary to amend this Zoning By-law.
- 2.5.2 Unless provided otherwise, during the time leading up to the removal of a holding symbol “H”, the uses permitted on such lands are limited to those that lawfully existed at the date of this Zoning By-law coming into force, or as the case may be, those lawfully existing prior to the holding by-law coming into force and effect.
- 2.5.3 Where an existing dwelling unit is located on lands that is subject to the holding symbol “H”, an addition or alteration to that dwelling unit is permitted while the holding symbol “H” is in effect. Such addition or alteration shall be undertaken in conformity with the zone provisions of the underlying parent zone.
- 2.5.4 Any land that is subject to a holding symbol “H” shall maintain its lot area and lot frontage as it existed on the day of passing of this Zoning By-law.
- 2.5.5 The symbol “H” shall be followed by a number. This number represents a holding zone with specific conditions to be completed to Council’s satisfaction prior to development proceeding. These holding zones and the specific conditions are outlined on Table 2.5.5.1, entitled Holding Zone Conditions.

2.6 “T” symbol – Temporary Use Zones

- 2.6.1 The symbol “T” following a zone classification signifies that a temporary use by-law is in force. When the temporary use by-law expires, the special permission granted by the temporary use by-law shall cease and desist, and such temporary use shall not then enjoy any protection as a legal, non-conforming use.
- 2.6.2 Unless the lands have been subsequently rezoned, the zone classification of the lands that were subject to the temporary use by-law shall revert back, without the need to amend this Zoning By-law, to the identical zoning classification that existed on the lands prior to the date of the passing of the temporary use by-law.

2.7 “D” symbol – Deferred Development Zones

4.14 Multiple Zones on a Lot

- 4.14.1 Where a lot is separated into more than one zone, or exception zone, each separately zoned portion of the lot shall be used in accordance to the zone provisions applicable to that portion.
- 4.14.2 The boundaries between multiple zones, or exception zones, shall be considered to be a lot lines for the purpose of determining conformity with the Zoning By-law.

4.15 Municipal Services

- 4.15.1 Unless provided elsewhere, a main building or main use shall have connection to both a municipal water supply system and a municipal sanitary sewer.
- 4.15.2 Unless provided elsewhere in this Zoning By-law, if water or sanitary services are proposed for an accessory building, such services shall be provided by a connection to the municipal water supply system and the municipal sanitary sewer that services the main building or use. This provision shall not apply to portable toilets used during construction or to tents.

4.16 Sight Triangles

- 4.16.1 Without limiting the foregoing, no building, motor vehicle, fence, sign, landscaping feature or any other object shall be located within the boundaries of a sight triangle if it is more than 1.0 m in height, measured above grade. Conformity to this general provision shall be at the discretion of the Town.
- 4.16.2 When determining the size of a sight triangle, the length of measurement from the point of intersection of a street or highway shall be a minimum of 6.0 m.

4.17 Site Illumination

- 4.17.1 Where any lot, building, use or parking area has site illumination, the maximum height of a light fixture providing the site illumination shall be 13.0 m above grade. This provision shall not apply to any lot, building, use or parking area under the jurisdiction of a public authority.
- 4.17.2 All site illumination, including site illumination under the jurisdiction of a public authority, shall be directed downward and inside the lot or parking area.

4.18 Use of Lots without Buildings

- 4.18.1 Where a main use is established on a lot without the construction of a main building, the main use or any accessory building shall be subject to all the provisions of the Zoning By-law as would be applicable to a main building. This general provision shall not apply to a park under the jurisdiction of a public authority.

4.19 Frontage onto a Street, Highway or Private Road

- 4.19.1 No main building or main use shall be constructed on a lot unless the lot has lot frontage onto a street or highway assumed and maintained by a public authority.
- 4.19.2 Despite the provision above, a main building or a main use may be constructed on a lot that has lot frontage onto a street or highway in a plan of subdivision not yet assumed by a public authority, provided that the Town and the developer have an approved subdivision agreement.
- 4.19.3 Despite the provision above, a main building or a main use may be constructed on a lot that has lot frontage onto a private road in a plan of condominium, provided that the Town and the developer have an approved site plan control agreement.

4.20 Road Reserve

- 4.20.1 Where a lot is separated from a street or highway by a 0.3 m road reserve, any required yard or setback shall be measured to the boundary of the original road allowance of the street or highway.
- 4.20.2 No lot shall be deemed not to have lot frontage onto a street or highway as a result of a 0.3 m road reserve.

4.21 Phased Condominiums

- 4.21.1 Unless provided elsewhere, where a plan of condominium is proposed to be developed as a phased condominium as defined and set out in the *Condominium Act*, S.O. 1998, Chapter 19 the lands shall be considered as one singular property for the purpose of determining conformity with the provisions of the Zoning By-law and temporary lot lines created as a result of the phasing shall not be considered.

4.22 Dwelling Units

- 4.22.1 Unless provided elsewhere, the number of detached dwelling units permitted on a lot shall be a maximum of one (1).
- 4.22.2 Except for a bed and breakfast, no dwelling unit shall be used as short-term accommodation.

4.23 Existing Undersized Lots

- 4.23.1 Unless provided elsewhere in this Zoning By-law, an existing lot having less lot area or lot frontage than required in a zone may have a main building constructed, or a main use established, subject to conformity with all other applicable provisions of the Zoning By-law.

4.24 Height Exemptions

- 4.24.1 Unless provided elsewhere in this Zoning By-law, and without limiting the foregoing, a steeple, a flag pole, a clock tower, an antenna or telecommunication tower, a chimney, a parapet, decorative architectural features, a water tank or traffic signal or exterior lighting under the jurisdiction of a public authority, a grain elevator, a storage bin, a bulk storage tank, a hydro pole or pylon, a crane, a mechanical room, a wind turbine, HVAC equipment or solar equipment or similar structures shall be exempt from the height provision applicable in the zone.

4.25 Bed and Breakfast

- 4.25.1 A bed and breakfast shall be permitted subject to compliance with the following provisions.
- 4.25.2 The bed and breakfast shall only be located in a single detached dwelling.
- 4.25.3 The number of guest rooms available for occupancy shall be a maximum of three (3).
- 4.25.4 The bed and breakfast shall not occupy the entire gross floor area of the single detached dwelling.
- 4.25.5 The proprietor of the bed and breakfast shall reside in the single detached dwelling. A minimum of one (1) bedroom in the single detached dwelling shall be for the exclusive use of the proprietor.

- 4.25.6 In addition to the proprietor, one (1) additional person who is not an occupant of the single detached dwelling may be employed by the bed breakfast.
- 4.25.7 A bed and breakfast generally includes the serving of prepared food to guests.
- 4.25.8 When there is two or more guest rooms offered for rent, a buffer area shall be required where the driveway abuts a mutual lot line. No buffer area is required where the driveway abuts a highway, street or lane.
- 4.25.9 A bed and breakfast shall only be permitted in a single detached dwelling that is connected to both a municipal water supply system and a municipal sanitary sewer.
- 4.25.10 A bed and breakfast may be permitted in a single detached dwelling where a municipal water supply system and/or a municipal sanitary sewer is unavailable, provided that it can be demonstrated to the satisfaction of the Town of Collingwood that the applicable provisions of the Ontario Building Code are met.

4.26 Lots abutting County Roads or Provincial Highways

- 4.26.1 In addition to those setbacks required under this Zoning By-law, where a lot abuts a street under the jurisdiction of the County of Simcoe or the County of Grey, the setbacks required by the County of Simcoe or the County of Grey shall also apply.
- 4.26.2 All development located in proximity of the existing Highway No. 26 or the realigned Highway No. 26 is within the Ministry of Transportation permit control area and, is subject to the approval of the Ministry.
- 4.26.3 Any owner of a lot located in proximity of the existing Highway No. 26 or the realigned Highway No. 26 is advised that Ministry permits must be obtained prior to any construction being undertaken within the Ministry's permit control area.
- 4.26.4 In addition to those setbacks required under this Zoning By-law, where a lot abuts a provincial highway, the setbacks required by the Ministry of Transportation shall also apply.
- 4.26.5 Where there is a conflict between the provisions of this Zoning By-law and the required setback provisions of the Ministry, the provisions of the Ministry shall prevail to the extent of the conflict.

4.27 Increased Yards abutting Arterial and Collector Roads

- 4.27.1 The streets or highways outlined in Table 4.27.3.1, entitled Arterial and Collector Roads, are subject to a road widening. Any lot abutting an arterial or collector road that is the subject of a road widening shall have an enhanced required yard or setback.

- 4.27.2 Any enhanced required yard or setback shall be measured from the centerline of the original road allowance of the street or highway.

Table 4.27.3.1 Arterial and Collector Roads

Arterial/ Collector Road	Area of Road Widening	Proposed R-O-W Width	Centreline Setback
Highway No. 26 West	From Long Point Road to Cranberry Trail East	40.0 m	20.0 m
Mountain Road	From Cambridge Street to Tenth Line	36.0 m	18.0 m
Mountain Road	From Tenth Line to Grey Road No. 19	30.0 m	15.0 m
Sixth Street	From Tenth Line to Stewart Road	30.0 m	15.0 m
Poplar Sideroad	From Tenth Line to Highway No. 26 East	36.0 m	18.0 m
Tenth Line	From Poplar Sideroad to Sixth Street	36.0 m	18.0 m
Tenth Line	From Sixth Street to north of Mountain Road	26.0 m	13.0 m
High Street	From First Street to Poplar Sideroad	30.0 m	Determined site specifically by Engineering Department
Hurontario Street	From Hume Street to Poplar Sideroad	30.0 m	15.0 m
Sixth Line	From Highway No. 26 East to Poplar Sideroad	26.0 m	13.0 m
Raglan Street	From Hume Street to Poplar Sideroad	26.0 m	13.0 m

- 4.27.3 The sum of the enhanced required yard or setback shall be the required yard or setback of the Zone plus the centreline setback as described in Table 4.27.3.1, entitled Arterial and Collector Roads.

4.28 Special Yard Encroachments

- 4.28.1 Unless provided elsewhere in this Zoning By-law, amenities such as but not limited to an entrance feature, public art, bicycle racks, bus shelters, an unenclosed fire escape, a ramp or lift for disabled persons, a sidewalk, a clothes line, a flag pole, a garden trellis, a play structure, a utility vault or telecommunication system, a retaining wall, a fence, a sign or lawn ornamentation may be permitted in any required yard.
- 4.28.2 An accessory air conditioner, heat pump, solar equipment or wind turbine may project into any required yard, but its location shall not interfere with the surface drainage of water.
- 4.28.3 Unless provided elsewhere, architectural features, such as but not limited to, a sill, a chimney, a cornice, a bay window, an eave, a roof gutter, a downspout, a parapet, or a pilaster may project into a required yard a maximum of 0.6 m.
- 4.28.4 An unenclosed porch, an unenclosed step or set of stairs or an unenclosed deck may project into any required yard or required setback a maximum of 1.5 m, but not closer than 1.2 m to any lot line. In a required rear yard setback this projection may increase to a maximum of 3.0 m. An enclosed balcony may project into any required yard or required setback a maximum of 1.5 m, but not closer than 1.2 m to any lot line. The above provisions shall not apply where there required yard or required setback is nil.
- 4.28.5 Unless provided elsewhere, within a Residential zone the first 10 m² of area of an unenclosed deck shall be excluded when calculating lot coverage.
- 4.28.6 A parking booth or a security booth, accessory to a non-residential main use, may be erected in any required yard provided that the parking booth or security booth does not exceed a maximum height of 4.5 m and a maximum ground floor area of 4.5 m².
- 4.28.7 A canopy may project halfway into a required yard or required setback. This provision shall not apply where the required yard or required setback is nil.

4.29 Emergency Housing or Group Homes

- 4.29.1 Emergency housing or group homes may be established in any zone where a dwelling unit is permitted as a main use.

4.30 Trailers and Shipping Containers as Storage

- 4.30.1 No trailer or shipping container shall be used for permanent storage in a Residential zone, a Local Convenience Commercial zone or an Environmental Protection zone.
- 4.30.2 In any other zone, a trailer or shipping container used for permanent storage shall be subject to the provisions of General Provision 4.33.

4.31 Accessory Buildings and Uses

- 4.31.1 Where this Zoning By-law provides that a main building or main use is permitted on a lot, then any accessory building or use may also be permitted. Unless provided elsewhere, no accessory building or use shall be established on a lot without a main building or main use having been first established.
- 4.31.2 A plan of condominium may have its accessory uses or buildings permitted on a lot that is not the same lot as the condominium corporation.

4.32 Attached Accessory Buildings

- 4.32.1 Where an accessory building is attached to a main building, it shall be constructed in compliance with the zone provisions applicable to the main building.
- 4.32.2 Despite the above provision, an attached garage that is accessory to a dwelling unit shall be setback from a street line so as to provide a minimum driveway length of 6.0 m.
- 4.32.3 For any lot with less than 15.0 m of lot frontage, the exterior wall of an attached garage that is accessory to a dwelling unit shall not project closer to a street line than 3.0 m beyond the exterior wall of the habitable space of the dwelling unit. This provision shall not apply if;
- (i) Habitable living space is provided above the attached garage. The minimum amount of habitable space required shall be 50% of the floor space of the attached garage, or
- (ii) Where vehicle access into the attached garage is perpendicular to a street.

4.33 Detached Accessory Buildings

- 4.33.1 Where a detached accessory building is constructed, it shall be constructed in accordance with Table 4.33.1.1, entitled Detached Accessory Building Yards.

Table 4.33.1.1 Detached Accessory Building Yard Requirements

Zone Classification	Required Minimum Yard
All Residential Zones	
Front Yard	Same as that required for a main building
Exterior Side Yard	Same as that required for a main building
Interior Side Yard	1.0 m
Rear Yard	1.0 m
Any other Zone	
Front Yard	Same as that required for a main building
Exterior Side Yard	Same as that required for a main building
Interior Side Yard	3.0 m
Rear Yard	3.0 m

4.33.2 Despite the Table above, a detached building that is accessory to a dwelling unit shall be setback from a street line so as to provide a minimum driveway length of 6.0 m.

4.33.3 Where a detached accessory building is constructed it shall have a separation distance to any other building in accordance with Table 4.33.3.1, entitled Detached Accessory Building Separation Distance.

Table 4.33.3.1 Detached Accessory Building Separation Distance

Zone Classification	Required Separation Distance
All Residential Zones	2.0 m
Any other Zone	4.0 m

4.33.4 Within a Residential zone, no exterior wall of a detached accessory building shall be closer to a front lot line than the closest exterior wall projection of the dwelling unit. This provision shall not apply to a lot abutting Nottawasaga Bay.

4.33.5 Within a Residential zone, the total sum of the lot coverage of all detached accessory buildings shall be a maximum of 15% of the lot area, provided that the maximum lot coverage permitted in the zone is not exceeded.

4.33.6 Within a Residential zone, the maximum ground floor area of any detached accessory building shall be 75 m².

For a detached accessory building in a plan of condominium the maximum ground floor area shall be 200 m².

- 4.33.7 When a detached accessory building is constructed, it shall have a maximum building height in accordance with Table 4.33.7.1, entitled Maximum Height of Detached Accessory Buildings.

Table 4.33.7.1 Maximum Height of Detached Accessory Building

Zone Classifications	Maximum Height
Residential Zones	7.0 m
A detached accessory building for a legal, non-conforming dwelling in the C1 Zone	7.0 m
All other Zones	Same maximum height as permitted for main building or main use.

- 4.33.8 Unless provided elsewhere in this Zoning By-law, within a Residential zone no detached accessory building may be used as a dwelling unit, but it may have its interior areas finished as private recreational space.
- 4.33.9 Unless provided elsewhere in this Zoning By-law, within a Residential zone a maximum of one (1) detached accessory building with a ground floor area of 10 m² or less shall be excluded when calculating lot coverage.
- 4.33.10 Where a detached accessory building is constructed abutting a lane, it shall also have a required setback of a minimum of 7.5 m from the opposite boundary of the lane.
- 4.33.11 Where a legal, non-conforming single detached dwelling is located in a Downtown Core Commercial zone, the construction of a detached building accessory to the legal, non-conforming single detached dwelling may proceed without the requirement of a *Planning Act* application to expand a legal, non-conforming use.

4.34 Boat Houses

- 4.34.1 Where a lot abuts Nottawasaga Bay, any boat house shall be constructed in accordance to the applicable provisions of General Provision 4.33, except that the minimum required yard that is abutting Nottawasaga Bay is nil.

4.35 Model Homes

- 4.35.1 Model homes may be constructed in advance of the construction of the main building or main use, subject to the following provisions
- 4.35.2 All model homes must be located within a Residential zone.
- 4.35.3 Model homes must be located on lands that are subject to a draft approved or a registered plan of subdivision, plan of condominium or an approved site plan control agreement under the *Planning Act*.
- 4.35.4 Model homes may be constructed temporarily without connection to a municipal sanitary system and a municipal water supply system.
- 4.35.5 No model home shall be constructed on a lot until Council or its delegate has passed an authorization by-law to enter into a model homes agreement for the model homes, or must otherwise approve the model home agreement. The number of model homes permitted and the time period for the removal of the model homes, if removal is required, shall be set out in the model home agreement.

4.36 Temporary Sales Office

- 4.36.1 A temporary sales office may be constructed in advance of the construction of the main building or main use, subject to the following provisions.
- 4.36.2 The temporary sales office must be located on lands that are subject to either a draft approved or a registered plan of subdivision, plan of condominium or an approved site plan control agreement under the *Planning Act*.
- 4.36.3 At any given time the number of temporary sales offices on a lot shall be a maximum of one (1).
- 4.36.4 A temporary sales office shall be constructed on a lot with required yards in accordance with Table 4.36.4.1, entitled Temporary Sales Office Required Yards.

Table 4.36.4.1 Temporary Sales Office Required Yards

Type of Yard	Required Minimum Yards
Front Yard	6.0 m
Exterior Side Yard	6.0 m
Interior Side Yard	1.2 m
Rear Yard	7.5 m

- 4.36.5 The height of a temporary sales office shall be a maximum of 7.0 m.

- 4.36.6 The maximum ground floor area of a temporary sales office shall be 200 m².
- 4.36.7 A temporary sales office may be constructed without connection to a municipal sanitary system and a municipal water supply system.
- 4.36.8 No temporary sales office shall be constructed on a lot until Council or its delegate has passed an authorization by-law to enter into a temporary sales office agreement for the temporary sales office, or must otherwise approve the temporary sales office agreement. The removal of the temporary sales office shall be set out in the temporary sales office agreement.

4.37 Reserved

4.38 Storage of Recreational Vehicles

- 4.38.1 In a Residential zone, the storage of recreational vehicles shall be in accordance with the following provisions.
- 4.38.2 No storage of any recreational vehicle shall be permitted unless a main building has been constructed.
- 4.38.3 The number of recreational vehicles permitted to be stored outside on a lot shall be a maximum of two (2).
- 4.38.4 Where a recreational vehicle is kept on a trailer, the recreational vehicle and the trailer together shall be counted as one (1) recreational vehicle.
- 4.38.5 The height of any stored recreational vehicle on a lot shall be a maximum of 3.2 m measured from the ground to the highest fixed point of the recreational vehicle. The overall length of any stored recreational vehicle on a lot shall be a maximum of 7.5 m. A recreational vehicle in excess of the maximum height and length may be stored on a lot for maintenance purposes a maximum of seven days in a calendar year.
- 4.38.6 Where the recreational vehicle being stored on a lot is a boat, the length of the boat permitted to be stored on the lot shall be measured from the bow to the stern. The length of the trailer, stern drive, rudder or bowsprit shall not be included in the calculation of the boat length.
- 4.38.7 When stored outside recreational vehicles shall be located on the lot in accordance with Table 4.38.7.1, entitled Recreational Vehicle Setbacks.

Table 4.38.7.1 Recreational Vehicle Setbacks

All Residential Zones	Required Minimum Setback
Front Yard	Same as that required for a main building
Exterior Side Yard	Same as that required for a main building
Interior Side Yard	1.0 m
Rear Yard	1.0 m

4.38.8 Despite the Table above, a recreational vehicle, other than a snowmobile, may be stored in a required front yard or exterior side yard from April 1 to October 31, provided that the recreational vehicle is stored on a driveway.

4.38.9 Despite the Table above, the only recreational vehicle that may be stored in a required front yard or exterior side yard from November 1 to March 31 is a snowmobile, provided that the snowmobile is stored on a driveway.

4.39 Home Occupation

4.39.1 A home occupation shall be a permitted use in any zone where a dwelling unit is a permitted use, subject to compliance with the following provisions. Where the home occupation is a bed and breakfast the provisions of General Provision 4.25 shall apply.

4.39.2 A home occupation may include, without limiting the foregoing, the practice of domestic arts, the private teaching of music or academics, and the conducting of a business or trade or manufacturing use, an artist, a private home day care or pet grooming.

4.39.3 A home occupation shall not include any noxious trade, business or manufacturing use.

4.39.4 The number of home occupations permitted per dwelling unit shall be a maximum of one (1).

4.39.5 The proprietor of the home occupation must reside within the same dwelling unit as where their home occupation is being conducted.

4.39.6 In addition to the occupant of the dwelling unit, one (1) additional person who is not an occupant of the dwelling unit may be employed by the home occupation.

4.39.7 If the home occupation includes the giving of instruction or teaching of any kind, the number of students or clients being instructed or taught at any given time shall be a maximum of three (3).

4.39.8 Home occupations are not permitted outside storage or outside display and sale. One (1) trailer used as part of the home occupation is permitted subject to the provisions of General Provision 4.38.

- 4.39.9 Any internal display and sale of goods and materials accessory to the home occupation shall not be more than a maximum of 10 m² of the area used by the home occupation.
- 4.39.10 The home occupation shall be conducted within any part of the dwelling unit, or within a fully enclosed detached accessory building on the same lot as the dwelling unit, but may not be carried on in both at any given time.
- 4.39.11 A home occupation shall be a maximum of 25% of the gross floor area of the dwelling unit.
- 4.39.12 A home occupation conducted within a detached accessory building shall be a maximum of 20 m² of the floor area of the detached accessory building.

4.40 Accessory Apartments

Accessory Apartments

- 4.40.1 An accessory apartment may be constructed on a lot in compliance with the following provisions.
- 4.40.2 An accessory dwelling unit shall only be constructed inside of a single detached or a semi-detached dwelling on a lot with a minimum lot frontage of 10.0 m on a public street.
- 4.40.3 The number of accessory apartments permitted inside of a single detached or semi-detached dwelling shall be a maximum of one (1).
- 4.40.4 An accessory apartment shall not be permitted where a second unit already exists on the lot.
- 4.40.5 The maximum floor area of an accessory apartment shall be 40% of the gross floor area of the single detached dwelling or semi-detached dwelling.
- 4.40.6 An accessory apartment shall have an independent and direct access to the exterior of the dwelling, but may have a shared hallway with dwelling.
- 4.40.7 An accessory apartment shall only be permitted within a dwelling that is connected to both a municipal water supply and municipal sanitary sewer.
- 4.40.8 An accessory apartment may be permitted within a dwelling where a municipal water supply system and/or a municipal sanitary sewer are unavailable, provided that it can be demonstrated to the satisfaction of the Town that the applicable provisions of the Ontario Building Code are met.

Collingwood Zoning By-law

- 4.40.9 An accessory apartment shall not cause the total number of dwelling units built on a lot to exceed the density limits set out on Schedule "C" of the Town's Official Plan entitled Residential Density Plan, or as may be otherwise permitted.

Second Units

- 4.40.10 A second unit, such as coach house or a garden suite, may be constructed on a lot in compliance with the following provisions.
- 4.40.11 A second unit shall only be constructed inside of a detached accessory building on a lot with a minimum lot frontage of 15.0 m on a public street and a minimum lot area of 550 m².
- 4.40.12 The number of second units permitted in association with a single detached dwelling shall be a maximum of one (1).
- 4.40.13 A second unit shall not be permitted where an accessory apartment already exists on the lot.
- 4.40.14 A second unit shall range in size from a minimum gross floor area of 35 m² to a maximum of 75 m², but shall not exceed 40% of the gross floor area of the single detached dwelling nor any other applicable lot coverage provisions for single detached dwelling and detached accessory buildings.
- 4.40.15 A second unit shall have an independent and direct access to the exterior of the accessory building, but may have a shared hallway with the accessory building.
- 4.40.16 The entrance for a second unit and any associated encroachments shall not be located adjacent to any yard that is less than 4.0 m.
- 4.40.17 A minimum 1.2 m unobstructed hard surfaced walkway shall be provided from required parking to the entrance to the second unit.
- 4.40.18 A second unit shall only be permitted where the associated dwelling is connected to both a municipal water supply and a municipal sanitary sewer.
- 4.40.19 A second unit may be permitted where a municipal water supply system and/or a municipal sanitary sewer are unavailable, provided that it can be demonstrated to the satisfaction of the Town that the applicable provisions of the Ontario Building Code are met.
- 4.40.20 A second unit shall not cause the total number of dwelling units built on a lot to exceed the density limits set out on Schedule "C" of the Town's Official Plan entitled Residential Density Plan, or as may be otherwise permitted.

4.41 Outdoor Swimming Pools

- 4.41.1 Where an outdoor swimming pool is constructed in a Residential zone, it shall be constructed in accordance with Table 4.41.1.1, entitled Residential Outdoor Swimming Pool Yards.

Table 4.41.1.1 Residential Outdoor Swimming Pool Yards

All Residential Zones	Required Minimum Yard
Front Yard	Same as that required for a main building
Exterior Side Yard	Same as that required for a main building
Interior Side Yard	1.5 m
Rear Yard	1.5 m

- 4.41.2 Where an outdoor swimming pool is constructed in any zone, other than a Residential zone, it shall be constructed in accordance with Table 4.41.2.1, entitled Non-Residential Outdoor Swimming Pool Yards.

Table 4.41.2.1 Non-Residential Outdoor Swimming Pool Yards

Any Non-Residential Zone	Required Minimum Yard
Front Yard	Same as that required for a main building
Exterior Side Yard	Same as that required for a main building
Interior Side Yard	3.0 m
Rear Yard	3.0 m

- 4.41.3 The height above grade of any outdoor swimming pool shall be a maximum of 2.0 m.
- 4.41.4 No outdoor swimming pool shall be constructed closer to a front or exterior lot line than the main building. This provision shall not apply to a lot abutting Nottawasaga Bay.

4.42 Temporary Tents and Stages

- 4.42.1 A tent may be constructed on a lot, as an accessory building, in accordance with Table 4.42.1.1, entitled Temporary Tents.

Table 4.42.1.1 Temporary Tents

Tent	Maximum Number of Days in a calendar Year Permitted on a Lot
Residential zones or uses	180
Non-Residential zones or uses	120

4.42.2 A temporary tent shall be subject to the provisions as set out in General Provision 4.33, entitled Detached Accessory Buildings.

4.42.3 A stage may be constructed on a lot, as an accessory structure, in accordance with Table 4.42.3.1, entitled Temporary Stages.

Table 4.42.3.1 Temporary Stages

Stage	Maximum Number of Days in a calendar Year Permitted on a Lot
Residential zones or uses	Not permitted
Non-Residential zones or uses	14

4.42.4 Despite the Tables above, a tent or stage located on any of the required parking spaces of a lot shall only be permitted for a maximum of five (5) consecutive days.

4.43 Underground Parking Garage

4.43.1 An underground parking garage shall be located in accordance with Table 4.43.1.1, entitled Underground Parking Garage Yard Requirements.

Table 4.43.1.1 Underground Parking Garage Yard Requirements

Yard	Required Setback
Front Yard	Half of that required for the main building or main use
Exterior Side Yard	Half of that required for the main building or main use
Interior Side Yard	Nil
Rear Yard	Nil

4.43.2 Despite the Table above, where a zone has a front yard or an exterior side yard of nil, then the required setback for the underground parking garage to the front yard or the exterior side yard may also be nil.

4.43.3 An underground parking garage, or any portion thereof, that is not located under a building shall have its roof a minimum of 0.6 m below existing grade. This provision shall not apply to a single detached dwelling, semi-detached dwelling, duplex dwelling or townhouse dwelling.

Section 5.0 Parking and Loading Provisions

5.1 Parking and Loading Provisions

- 5.1.1 Unless provided elsewhere in this Zoning By-law, no person shall use any land or erect or use any building except in conformity with the provisions of this section, in addition with all other applicable sections and provisions of this Zoning By-law. In this section, the abbreviation “GFA” shall mean gross floor area and “GLA” shall mean gross leasable area.

5.2 General Parking Requirements

- 5.2.1 If a lot or building accommodates more than one main permitted use, the required parking spaces or bicycle spaces shall be the sum of the requirements for each main use.
- 5.2.2 If, when calculating required parking spaces or bicycle spaces, the number of parking spaces results in a fraction, the required parking spaces or bicycle spaces shall always be rounded upward to the next whole number.
- 5.2.3 Unless provided elsewhere in this Zoning By-law, where any lot, building or use is altered or constructed resulting in the requirement for additional parking spaces or bicycle spaces, then such additional required parking spaces or bicycle spaces shall be provided.
- 5.2.4 Unless provided elsewhere in this Zoning By-law, all required parking spaces or bicycle spaces shall be provided on the same lot that the main permitted use is located.
- 5.2.5 In all zones, except a Residential zone classification, any portion of a parking area, excluding an entrance, shall have a required setback to a street or highway of a minimum of 3.0 m that shall be reserved for a buffer area.
- 5.2.6 Any area used for the outside display and sale of motor vehicles or recreational vehicles shall not be considered part of the required parking spaces for a main use. An area used for any type of outside display and sale shall be separated from those areas needed as required parking.
- 5.2.7 Any parking area shall be designed so that motor vehicles do not travel in a backwards motion when entering or exiting a lot directly onto a street or highway. This provision shall not apply to entrances for a single detached dwelling, semi-detached dwelling, duplex dwelling or street townhouse dwelling.
- 5.2.8 The interior angle of intersection between any entrance, or a private road, and a street or highway shall be a minimum of seventy (70) degrees.

5.3 Entrance Widths

5.3.1 Residential Entrance Widths

- 5.3.1.1 The width of the entrance for a single detached dwelling, semi-detached dwelling, duplex dwellings, street townhouse dwelling or a boarding home shall not exceed a maximum width of 6.5 m or 50% of the lot frontage, whichever is the lesser.
- 5.3.1.2 The entrance width for group or cluster dwellings, including a private road for a plan of condominium, shall be a minimum of 7.5 m.
- 5.3.1.3 The entrance width for a residential unit containing an accessory apartment or accommodating a second unit on the lot shall not exceed a maximum width of 6.5 m or 56% of the lot frontage whichever is lesser.

5.3.2 Non-Residential Entrance Widths

- 5.3.2.1 Lands zoned EP or RU shall have an entrance width of a minimum of 3.0 m to a maximum of 7.5 m.
- 5.3.2.2 Lands in any other zone shall have an entrance width of a minimum of 7.5 m to a maximum of 15.0 m.

5.4 Entrance Setbacks

- 5.4.1 The required setback of any entrance, including a private road for a plan of condominium, to the intersection of a street shall be a minimum of 6.0 m.
- 5.4.2 The required setback of any entrance, including a private road for a plan of condominium, to the intersection of a highway shall be a minimum of 15.0 m.
- 5.4.3 The provisions above shall not apply to entrances for a single detached dwelling, semi-detached dwelling, duplex dwelling, street townhouse dwelling or boarding home that are not part of a group or cluster dwelling.
- 5.4.4 The required setback of a non-residential entrance abutting any Residential zone shall be a minimum of 9.0 m.
- 5.4.5 The required setback of an entrance in a C6 zone abutting any Residential zone shall be a minimum of 2.0 m.

5.5 Number of Entrances

- 5.5.1 Every lot shall be limited to the following number of entrances in accordance with Table 5.5.1.1, entitled Number of Entrances.

Table 5.5.1.1 Number of Entrances

Lot Frontage	Number of Entrances
20.0 m or less	A maximum of one (1) entrance.
More than 20.0 m but less than 100.0 m	A maximum of two (2) entrances provided that the combined entrance width of the two (2) entrances is not greater than 30% of the lot frontage, or the lot frontage and exterior side lot line combined if the lot is a corner lot or through lot.
Greater than 100.0 m	Two (2) entrances are permitted, plus one (1) additional entrance for every additional 100.0 m of lot frontage thereafter.

- 5.5.2 Where a lot is a corner lot or a through lot, the length of an exterior lot line may be included as lot frontage for the purposes of determining the number of entrances permitted.

5.6 Residential Driveways

- 5.6.1 For a single detached dwelling, semi-detached dwelling, duplex dwelling, street townhouse dwelling or boarding home the parking of a motor vehicle shall be restricted to the driveway only, and the minimum length of the driveway shall be 6.0 m.
- 5.6.2 For a single detached dwelling, semi-detached dwelling, duplex dwelling, street townhouse dwelling or boarding home a maximum of 50% of the yard may be used for a driveway. The balance of the yard shall be used as landscaped open space and no more than an additional 20% shall be covered with any hard ground surfacing material.
- 5.6.3 For a dwelling with an accessory apartment a maximum of 56% of the front yard may be used for a driveway. The balance of the yard shall be used for landscaped open space and no more than an additional 14% shall be covered with any hard ground surfacing material.

5.7 Parking Aisles

- 5.7.1 Parking aisles shall have minimum widths in accordance with Table 5.7.1.1, entitled Parking Aisle Width.

Table 5.7.1.1 Parking Aisle Width

Interior Angle of Parking Space	Minimum Aisle Width
Less than or equal to 50 degrees	4.0 m
Greater than 50 degrees but less than or equal to 70 degrees	5.5 m
Greater than 70 degrees	6.0 m

5.8 Parking Space Sizes

- 5.8.1 Parking spaces, other than delivery or loading spaces, shall have minimum sizes in accordance with Table 5.8.1.1, entitled Parking Space Size.

Table 5.8.1.1 Parking Space Sizes

Type of Parking Space	Minimum Width	Minimum Length
Perpendicular	2.8 m	6.0 m
Parallel	2.8 m	7.0 m
Angled	2.8 m	7.0 m
Queuing	2.8 m	6.0 m
Accessible, Perpendicular	4.5 m	6.0 m
Accessible, Parallel or Angled	4.5 m	7.0 m

5.9 Delivery Space Regulations

- 5.9.1 The minimum number of required delivery spaces shall be in accordance with Table 5.9.1.1, entitled Required Number of Delivery Spaces.
- 1.

Table 5.9.1.1 Required Number of Delivery Spaces

Uses	Number of Delivery Spaces Required
Hotel or Motel	1 space per 150 suites
Hospital or School	1 space
Any other main building in a Commercial, Industrial or Community Services Zone	1 space for any building between 460 m ² of GFA and 2500 m ² of GFA.
	Any building larger than 2500 m ² of GFA is automatically subject to Section 5.10 entitled Loading Space Regulations

5.9.2 A delivery space shall be a minimum of 3.5 m in width, 7.5 m in length, and a minimum vertical clearance of 3.0 m.

5.9.3 A delivery space shall have a required setback to any street or highway of a minimum of 6.0 m.

5.10 Loading Space Regulations

5.10.1 The minimum number of required loading spaces for any non-residential use shall be in accordance with Table 5.10.1.1, entitled Required Number of Loading Spaces.

Table 5.10.1.1 Required Number of Loading Spaces

Gross Floor Area	Number of Loading Spaces Required
From 2,501 m ² GFA to 7,000 m ² GFA	1 space
From 7,001 m ² GFA to 10,000 m ² GFA	2 spaces
For every additional 2,500 m ² GFA beyond 10,000 m ² GFA	1 additional space

5.10.2 A loading space shall be at least 3.5 m in width, 20.0 m in length, with a minimum vertical clearance of 4.5 m.

5.10.3 Loading spaces shall have a required setback to a street or highway of a minimum of 15.0 m.

5.11 Accessible Parking

5.11.1 The minimum number of required accessible parking spaces shall be in accordance with Table 5.11.1.1 entitled Required Number of Accessible Spaces.

Table 5.11.1.1 Required Number of Accessible Parking Spaces

Total Number of Parking Spaces Required	Number of Accessible Parking Spaces Required
1 to 25 spaces	Minimum of 1 space
26 to 50 spaces	Minimum of 2 spaces
51 to 100 spaces	Minimum of 3 spaces
Over 100 spaces	2% of the total required parking spaces

5.11.2 Parking spaces for the disabled shall be included as part of the total calculation of required parking spaces for any lot, building or use.

5.12 Queuing Aisle Regulations

- 5.12.1 Where a drive-in use is provided on a lot, a queuing aisle shall also be required. Where there is more than one drive-in use on a lot, each separate drive-in use shall provide the required queuing aisle.
- 5.12.2 The minimum number of required vehicle spaces in a queuing aisle for a drive-in use shall be in accordance with Table 5.12.2.1, entitled Required Queuing Aisle Spaces.

Table 5.12.2.1 Required Queuing Aisle Spaces

Type of Use	Minimum Number of Queuing Spaces Required
Restaurant	10 spaces
Financial institution	4 spaces
Motor vehicle wash	2 space per wash bay
Motor vehicle gasoline station	1 space per gas pump
All other uses not otherwise listed	3 spaces

- 5.12.3 The required vehicle spaces of a drive-in use are in addition to the parking spaces required for any lot, building or use.

5.13 Bicycle Space Requirements

- 5.13.1 The minimum number of required bicycle spaces for residential and non-residential uses shall be in accordance with Table 5.13.1.1, entitled Required Number of Bicycle Spaces

Table 5.13.1.1 Required Number of Bicycle Spaces

Type of Use	Number of Bicycle Spaces required
Non-residential building that contains 5 dwelling units or more	0.7 bicycle spaces per dwelling unit to a total maximum of 15 bicycle spaces
All other non-residential buildings	10 % of the required parking spaces for motor vehicles but in no case shall the required bicycle spaces be less than 4
Any group or cluster dwelling in excess of 5 dwelling units	0.5 bicycle spaces per dwelling unit to a total maximum of 20 bicycle spaces

5.14 Commercial Vehicles in Residential Zones

- 5.14.1 In a residential zone, the parking of commercial vehicles shall be in accordance with the following provisions. The provisions below shall not apply to a commercial or emergency vehicle owned and operated by a public authority or an ambulance service.
- 5.14.2 No parking of any commercial vehicle shall be permitted unless a main building has been constructed.
- 5.14.3 A commercial vehicle shall be located entirely within the legal boundaries of the lot.
- 5.14.4 The number of commercial vehicles permitted to be parked on a lot shall be a maximum of one (1).
- 5.14.5 The gross vehicle weight of the commercial vehicle parked on a lot shall be a maximum of 7,258 kilograms, or in the case of a tractor, a maximum engine rating of 60 horsepower.
- 5.14.6 The length of a commercial vehicle shall be a maximum of 7.5 m measured from bumper to bumper. The height of a commercial vehicle shall be a maximum of 3.2 m measured from the ground to the highest part of the driver cab or the delivery body. In the case of a tractor, the length shall be measured from the front of the tractor to the rear of the chassis and height shall be measured from the ground to the highest part of the engine cowling or the driver cab.
- 5.14.7 A rack on the top of a commercial vehicle shall not be included in the calculation of the height of the commercial vehicle provided that the height of the rack is 0.5 metres or less. Any implement that may be attached to the front or the rear of a tractor shall not be included in the calculation of length or height.
- 5.14.8 A commercial vehicle shall be located on the lot in accordance with Table 5.14.8.1, entitled Commercial Vehicle Location.

Table 5.14.8.1 Commercial Vehicle Location

Vehicle Size	Required Location
A length of up to 6.7 m	Permitted in any yard provided that it is located on a driveway only
A height of up to 2.2 m	
A length or height greater than the above	In the rear yard only and no closer than 1.0 m to any lot line and on a driveway only; or alternatively fully enclosed in a building.

5.15 Parking Space Requirements

- 5.15.1 Unless provided elsewhere in this Zoning By-law, the minimum number of required parking spaces for uses, other than those on lands in a C1 zone classification, shall be in accordance with Table 5.15.1.1, entitled Required Parking Spaces.

Table 5.15.1.1 Required Parking Spaces

Type of Use	Parking Space Ratio

5.16 Downtown Core Commercial Parking

5.16.1 Unless provided elsewhere in this Zoning By-law, the following required parking space provisions shall apply to all lands in a C1 zone classification.

5.16.2 Parking Ratios

Significant Heritage Building

5.16.2.1 The parking space ratio for any residential use in a significant heritage building or any additional dwelling unit thereto, shall be 0.25 spaces per unit. This parking space ratio shall include a home for the aged, a rest home, a retirement home or a nursing facility.

5.16.2.2 The parking space ratio for all non-residential uses in a significant heritage building, or an addition thereto, shall be 1.5 spaces per 100 m² GFA.

All Other Buildings

5.16.2.3 The parking space ratio for all non-residential uses for any other existing building, a converted building or a new building, or an addition thereto, shall be 3 spaces per 100 m² GFA.

5.16.2.4 The parking space ratio for any residential use for any other existing building, a converted building or a new building, or any additional dwelling unit thereto, shall be 0.5 spaces per unit. This parking space ratio includes a home for the aged, a rest home, a retirement home or a nursing facility.

5.16.3 No Additional Parking Required

5.16.3.1 No additional parking is required for any change in a main use, or for any additional dwelling unit, where an existing building was used for commercial purposes prior to the passing of the Zoning By-law, and where there is no increase to the gross floor area of the building.

5.16.4 Converted Buildings

- 5.16.4.1 Parking is required for any change in a main use, or for any additional dwelling unit, where a building is a converted building. This includes the conversion of a building for a home for the aged, a rest home, a retirement home or a nursing facility.
- 5.16.4.2 If the converted building is located on lands identified on Table 5.16.7.2.1 entitled Significant Heritage Buildings, the parking ratios set out in Sections 5.16.2.1 and 5.16.2.2 shall apply.
- 5.16.4.3 If the converted building is not on lands identified on Table 5.16.7.2.1 entitled Significant Heritage Buildings, the parking ratios set out in Sections 5.16.2.3 and 5.16.2.4 shall apply.
- 5.16.4.4 Once lawfully established, Section 5.16.3.1 shall apply with necessary modifications to any subsequent change in a main use, or for any additional dwelling unit, with respect to a converted building.

5.16.5 Addition to a Building

- 5.16.5.1 Where any existing building, converted building or new building is proposed to have an increase of gross floor area, then additional parking spaces shall be required based on the increased gross floor area added after the date of passing of the Zoning By-law.

5.16.6 Demolishing Buildings

Significant Heritage Buildings

- 5.16.6.1 Where an existing significant heritage building is demolished, in whole or in part, the required parking spaces for any replacement building shall be 100% of the gross floor area and/or the number of dwelling units. The gross floor area or dwelling units of the demolished building, or part thereof, shall not be used to determine any credit towards required parking spaces for any replacement building.
- 5.16.6.2 A building constructed as a replacement to a demolished significant heritage building shall be subject to the parking ratio set out in Sections 5.16.2.3 and 5.16.2.4.

Other Buildings

- 5.16.6.3 Where any other existing building, converted building or new building is demolished, in part or in whole, the required parking shall be based on the following;
- i. If the gross floor area or the number of dwelling units of the replacement building is equal or less than the gross floor area or number of dwelling units of the demolished building, no additional parking is required.

Collingwood Zoning By-law

- ii. If the gross floor area or the number of dwelling units of the replacement building is greater than the gross floor area or the number of dwelling units of the demolished building, then additional required parking spaces shall only be required on the amount of added gross floor area or dwelling units.

5.16.6.4 A building constructed as a replacement under this provision shall be subject to the parking ratio set out in Sections 5.16.2.3 and 5.16.2.4.

5.16.7 Location of Significant Heritage Buildings

5.16.7.1 The term significant heritage building used in this section is based on an existing building located on a lot identified in the study entitled Collingwood Downtown Heritage Conservation District Inventory of Buildings, 2002.

5.16.7.2 The lots with significant heritage buildings are identified on Table 5.16.7.2.1 entitled Significant Heritage Buildings. In the event that a significant heritage building is demolished from a lot that is identified on the Table, that lot shall be deleted from the Table without the need for an amendment to the Zoning By-law.

6.2 Residential Footnotes

- 6.2.1 Where the permitted uses in Table 6.1.2.1 are also followed by a letter in brackets, which indicates a footnote, then the additional provision associated with the following footnotes shall also apply.

6.2.2 Footnote (a) – Private Services

- 6.2.2.1 A single detached dwelling may be serviced without connection to a municipal sanitary system and a municipal water supply system.

6.2.3 Footnote (b) – Accessory Commercial Uses

- 6.2.3.1 Accessory commercial uses shall be limited to a convenience store, a day-care centre, a dry-cleaner's establishment, a laundromat and a personal service shop. These uses shall only be located on the first storey of the main building and shall not occupy an area greater than 25% of the gross floor area of the first storey.

6.2.4 Footnote (c) - Boarding Home

- 6.2.4.1 The Zone provisions for a single-detached dwelling shall also apply to a boarding home.

6.3 Residential Provisions

- 6.3.1 No person shall use any land or construct or use any building or structure in any Residential zone except in accordance with provisions of Tables 6.3.1.1 or 6.3.1.2 or 6.3.1.3.
