## Message from the Detachment Commander

I am pleased to present the Collingwood Detachment 2016 Action Plan Progress Report in conjunction with our new 2017 – 2019 Action Plan. As we look back over the past year and even over the past three years, we recognize the many policing successes we have had:

- Increased engagement with community partners to bring awareness and assistance to those suffering from substance abuse and mental health.
- Reinvestment into our Community Safety Officer, Traffic Management Officer and Detachment Crime Analyst programs to enhance service delivery, prevention efforts and investigative capacities.
- A healthy workforce ensuring the delivery of a professional, efficient and effective police service.

We continue to focus on the reduction of harm and victimization, specifically violent crime, property crime, illicit drugs and cybercrime. Once again, provincial targeted outcomes have been identified and we will work together to achieve these provincial targets by 2019.

Collingwood Detachment remains committed to a traffic safety approach that will change driver behaviours responsible for injuries and deaths on roadways, waterways and trails.

We will continue to partner, engage and educate to find solutions in demands for service involving persons with mental health illness or in a mental crisis. We are also committed to reducing the number of false alarms and 911 pocket dials, which continue to misdirect law enforcement resources in OPP communities.

As we look forward, we will continue to ensure our communities have the service delivery they require. The focus of the next three years for our detachment will be:

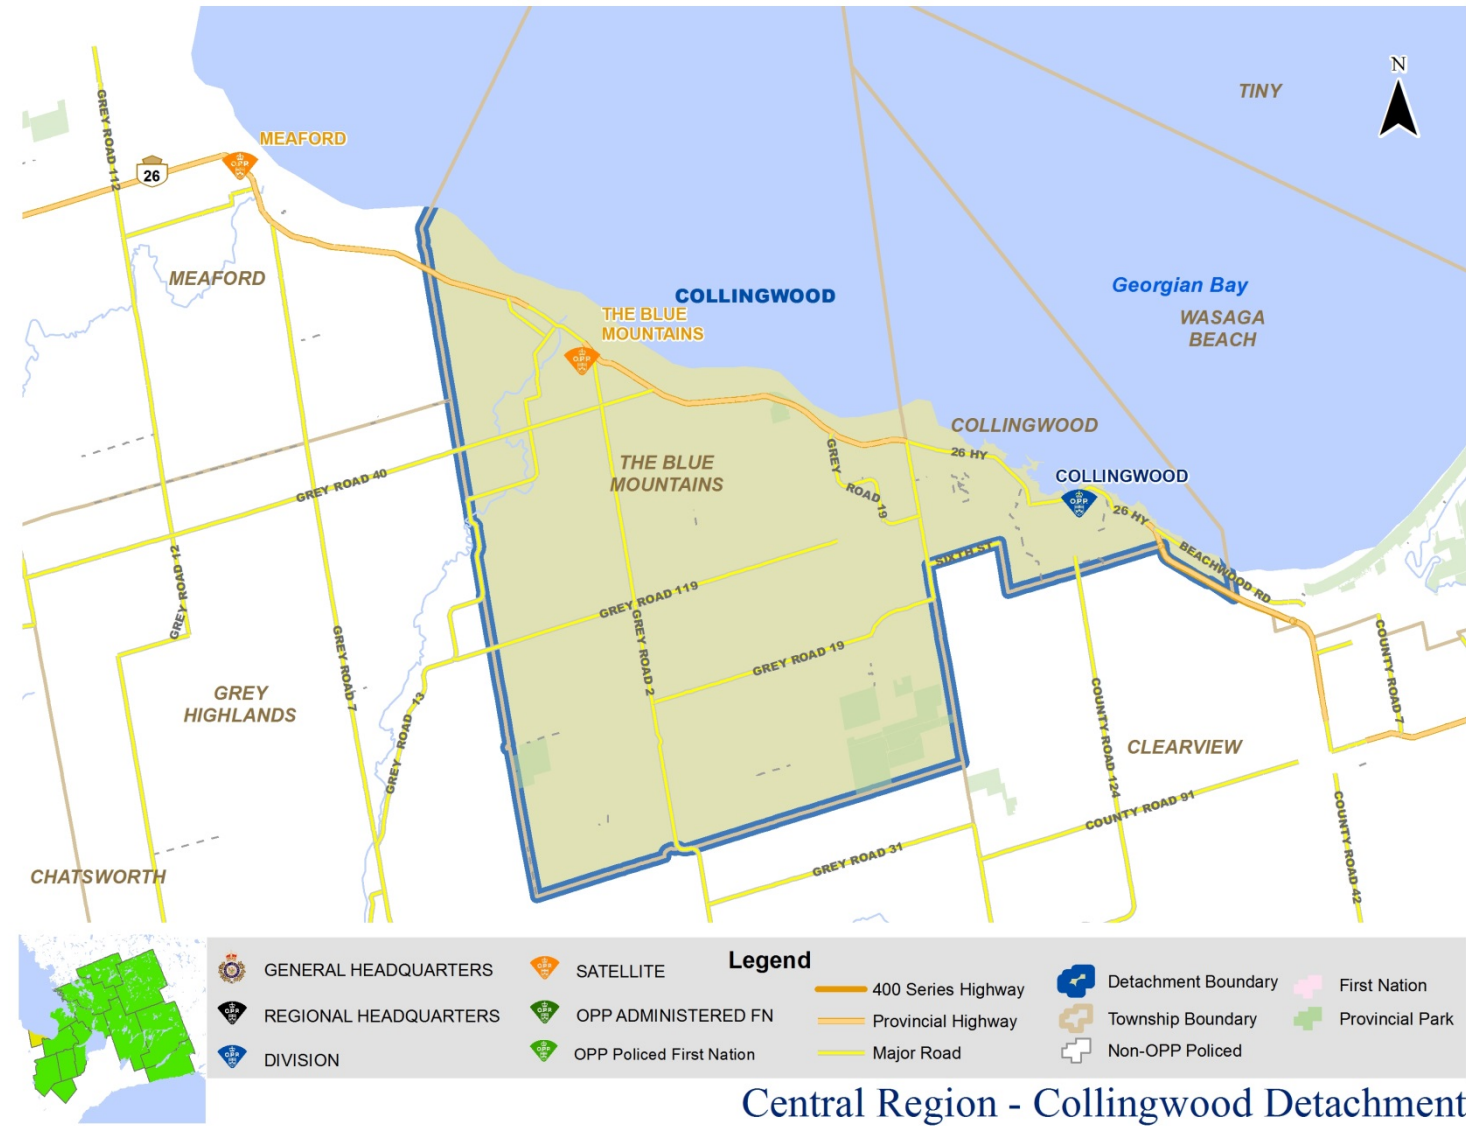

- Strengthening partnerships to better support victims of crime through the judicial process.
- Changing driver behaviour by focusing on education and enforcement of “The Big Four” causal factors of fatal, personal injury and property damage motor vehicle collisions.
- Collaborating with stakeholders to enhance the community’s response to persons suffering from mental illness, with a goal of intervention before reaching a crisis point.

The dedication of our members, together with the support of our municipalities, will ensure our continued success in keeping our communities safe.

Mary Shannon  
Inspector  
Collingwood Detachment, OPP

Facts and Figures

## Our Detachment

Collingwood remains the commercial and industrial core of the detachment area and is continuing to experience residential growth. 26.3% of the total population is over 65 years of age. Collingwood has also become the primary area for permanent residency, increasing from 78% in 2011 to 82% in 2016, with more seasonal and recreational residents remaining in The Blue Mountains<sup>1</sup>.

Numerous new developments are occurring, and growth is particularly significant in the Southern portion of Collingwood (i.e. Mountaincroft, Pretty River Estates and Eden Oak), with a gradual shift toward the western portion of town (Red Maple, Mair Mills Villages, Linksvew and additional phases in Tanglewood at Cranberry). Expansion within the town itself continues, as a portion of the Shipyards has recently received site plan approval for an additional 28 condominium townhouse units. In addition, the Simcoe County affordable housing project will be built at the corner of High Street and Second Street, providing 147 units.

The Collingwood detachment area continues to host high profile events such as the Elvis Festival, Sidelaunch Days Collingwood Harbour Festival, and other celebrations and festivities in and around the water. The Village at Blue Mountain Resort hosts several large triathlon and road racing events, has an abundance of year-round family attractions, and organizes exciting events weekly. Both the Town of Collingwood and the Village at Blue Mountain Resort have become popular tourist destinations.

In 2017, Blue Mountain Resort announced the sale of Intrawest to *Aspen Skiing Company* and the private equity firm *KSL Capital Partners*. This partnership will support strategies to continue a marketable and renowned tourist area. The Village shall continue as a four season tourist area with many activities and events.

The Collingwood detachment is committed to maintaining public safety and safe roadways. The Blue Mountains “Share the Road: We’re on it Together” program promotes safe cycling and active transportation. Visibility and community engagement by the members of the detachment will foster a safe residential and tourist community.

# Community Satisfaction Survey

## Community Satisfaction Survey conducted in 2015

This survey is a tool for gathering public opinion on policing issues and ratings of OPP service delivery. It can serve as:

- a report card detailing how the people served by the OPP rate that service;
- a gauge of public concern about crime and policing issues;
- an indicator for making improvements to police services;
- a means to measure how Ontarians view the OPP's service delivery.

The OPP Community Satisfaction Survey is a telephone survey conducted with the general public by research company R.A. Malatest & Associates Ltd., on behalf of the OPP. The survey is conducted for each OPP detachment every three years and annually province-wide. Randomly selected telephone numbers and Random Digit Dial were used to sample respondents who were at least 16 years old, where no member of the household was employed by the OPP.

1.	99.5% of respondents felt “safe” or “very safe” in their community
2.	90.8% of respondents were “satisfied” or “very satisfied” with the OPP’s ability to work with communities to solve issues
3.	Of the 99 respondents (or 26.1%) who said they had contacted the OPP in the past year, 88.6% were “very satisfied” or “satisfied” with the ease of contacting the OPP
4.	Overall, 92.5% of the respondents were “satisfied” or “very satisfied” with the quality of service provided by the OPP
5.	91.6% of respondents were “very satisfied” or “satisfied” with the OPP’s visibility in their community
6.	93.3% of respondents were “very satisfied” or “satisfied” with the OPP’s visibility on the highways

List of Priorities for 2017-2019

The OPP’s action planning process ensures compliance with the Adequacy and Effectiveness of Police Services Regulation (Adequacy Standards) filed as O. Reg. 3/99 in 1999.

Through assessment, analysis and consultation, the following priorities were identified under three categories: crime, traffic and other policing. The priorities reflect provincial and regional issues. Subsequent local analysis and consultation will further identify the specific areas of focus for this region. Priorities will be addressed by effective management strategies combining engagement, education and enforcement. Operationalized within the construct of Ontario’s Mobilization and Engagement Model of Community Policing these strategies will provide the foundation for sustainable community safety and reduced victimization.
