- 1.2. Permit fees shall be rounded up to the nearest full dollar amount.
- 1.3. Fees for a required permit are set out in this Schedule and are due and payable upon submission of an application for a permit.
- 1.4. For new buildings and additions, fees for sprinkler and fire alarm systems, finished basement areas in a *house* and any balconies, decks, patio and porch structures are in addition to the applicable Service Index permit fee.
- 1.5. For the purpose of this Schedule the occupancy classification and floor area shall be determined on the following basis:
 - (a) The occupancy classification shall be established in accordance with the occupancy definitions of the *Ontario Building Code*. For multiple occupancy floor areas, the permit fees for each of the applicable occupancy categories may be used, except where an occupancy category is less than 10% of the floor area.
 - (b) The floor area calculation is the sum of the areas of all floors including finished basement areas, balconies, lofts, mezzanines, habitable attic spaces, mechanical penthouses and shall be measured to the outer face of the exterior walls and to the centre line of party walls, firewalls or demising walls.
 - (c) For interior finishes, alterations or renovations, the area of proposed *work* is the actual space receiving the *work*, e.g. tenant suite and measurements are taken to the inner face of walls.
 - (d) Except for interconnected floor spaces, no deductions shall be made for openings within the floor area, i.e. stairs, elevators, ducts.
 - (e) Unfinished basements for a *house* are not included in calculating the floor area. A future basement finish is subject to a *building permit* and fees in accordance with this By-law.
 - (f) A garage serving a *house* to which it is attached or built-in shall not be included in the floor area calculations.
 - (g) Decks and wood burning fireplaces shall be charged the *permit* fee in accordance with this By-law in addition to the applicable floor area calculations.
 - (h) Horizontal projection of sloping and stepped floors shall be used in lieu of actual surface area.
 - (i) Where interior alterations and renovations require relocation of not more than 9 sprinkler heads, standpipe components or fire alarm components, no additional charge is applicable.
 - (j) Where Demolition of partitions or alterations to existing ceilings are part of an alteration or renovation *permit*, no additional charge is applicable.
- 1.6. A temporary *building* is considered to be a *building* that will be erected for not more than three years.

- 1.7. Permit fees for temporary tents and stages shall be charged for each property and for each event on a single property.
- 1.8. Permit fees for multiple decks, tents or stages constructed simultaneously on a single property shall be 50% of the applicable permit fee listed in **Schedule "A"**.
- 1.9. For classes of permits not described in this Schedule, a reasonable permit fee shall be determined by the *Chief Building Official*.

2. Calculating Permit Fees

- 2.1. Permit fees shall be calculated using the following formula unless otherwise specified in this Schedule:

$$\text{Permit Fee} = \text{SI} \times \text{A}$$

Where: SI = the fee multiplier based on the service index for the type/classification of the *work* proposed; and
 A = total floor area of the *work* involved.

3. Rules for Determining the Refund of Fees

- 3.1. Fees that may be refunded shall be a percentage of the permit fees payable under this By-law, calculated as follows:
- (a) 75 percent if administrative functions only have been performed.
 - (b) 70 percent if administrative and zoning functions only have been performed.
 - (c) 50 percent if administrative, zoning and plans examination functions have been performed.
 - (d) 45 percent if the *permit* has been issued and no field inspections have been performed subsequent to *permit* issuance.
 - (e) 5 percent shall additionally be deducted for each field inspection that has been performed after the *permit* has been issued.
- 3.2. Where the *Chief Building Official* deems it appropriate, a refund of other than specified in section 3.1. may be granted.
- 3.3. No refunds shall be payable where the calculated refund is less than the minimum fee.
- 3.4. The following fees shall not be refundable:
- (a) application for transfer of application or *permit*,
 - (b) request for *conditional permit*,
 - (c) revision to *permit*,
 - (d) authorization of alternative solution, and
 - (e) request for deferral.
- 3.5. The refund shall be returned to the person named on the fee receipt, unless such person advises the *Chief Building Official*, in writing and prior to the release of the refund, of a change in name, in which case the refund shall be returned to the person then authorized to receive it.
- 3.6. Refund provisions are not applicable where the *permit* has been signed off and the occupancy inspection completed.
